

Marina Crest Residences

Architectural Design Brief

Issued by Marina Crest Developments · 20 Feb 2024 · Ref MCD-RFP-2024-67

About the project

Marina Crest Developments is developing 48-storey residential tower in Dubai, United Arab Emirates. Standard waterfront plot; marina setback rules.

Item	Detail
Project	Marina Crest Residences
Location	Dubai, United Arab Emirates
Client	Marina Crest Developments
Built-Up Area (BUA)	62,000 m ²
Site / plot area	4,800 m ²
Residential units	410

Basement car parking of approximately 13,640 m² is excluded from the Built-Up Area (BUA) figures.

What we need from the design team

The Client invites proposals for architectural design and interior design services for the project.

The interior design scope covers lobbies, amenities, public areas and typical units, with a total interior design area of 5,200 m².

Design stages required: Concept Design; Schematic Design; Design Development.

Construction documentation and tender documents will be prepared by the Local Architect of Record and are not part of this appointment.

Structural, MEP and civil engineering consultants will be appointed separately by the Client.

Additional requirements

- Interior design of the off-plan sales gallery

Submission

Proposals must be submitted by the date and time stated in the covering invitation email.
